

HP Heavyweight Coated Paper

HP Heavyweight Coated Paper is a premium coated paper that provides unsurpassed image quality and superior handleability.

- Produces consistent quality for line drawings and renderings, from roll to roll and across all sizes, saving you time and money
- Provides excellent indoor fade-resistance of 1-2 years and up to 100 years when using HP UV Ink supplies.
- Ensures accurate colour matching for outstanding results in providing a high printable colour gamut.
- Provides higher cockle resistance than other heavyweight coated papers that makes it easier to laminate.

This extremely versatile paper is designed for use by graphic artists, designers, print service providers and engineers (CAD), architects (AEC), Geographical Information System (GIS) users, for applications as wide ranging as proofs, drawings, posters and presentations.

HP Heavyweight Coated Paper

Compatibility
