

BT8390

SYSTEM X™ HORIZONTAL MOUNTING RAIL

The BT8390 horizontal mounting rail is essential for any System X setup, whether a sophisticated multi-screen installation or a straightforward single-screen application. Built using durable yet lightweight aluminium, the rail accommodates various interface arms and mounts, facilitating the easy attachment of screens and other AV equipment. Offered in multiple lengths, the BT8390 can be securely mounted on walls, poles, System X, and Mode AL columns using our various fixing kits. Need a different length? No problem; rails can be cut as required. For extended installations, connect them seamlessly using our extension kits, which are available separately.

SPECIFICATIONS

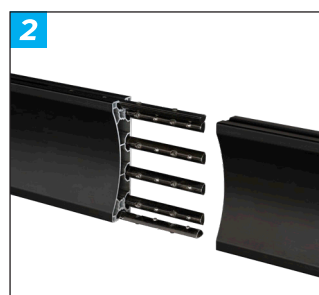

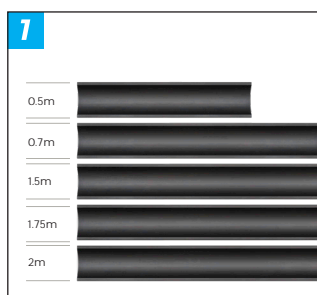

Max load	Dependent on interface arms used
Lengths available	0.5m, 0.7m, 1m, 1.5m, 1.75m, 2m & 3m
Fixing kit to wall mount	BT8390-WFK1 / 2 / 3 / 5 / 6
Fixing kit to pole mount	BT8390-CFK (plus Accessory Collars)
Fixing kit to mount to a BT8380 column	BT8380-JPK / BT8380-JPT
Fixing kit to mount to a BT8381 column	BT8381-JPS
Fixing kit to mount to a BT8385 column	BT8385-RTC
Colour	Black

FEATURES

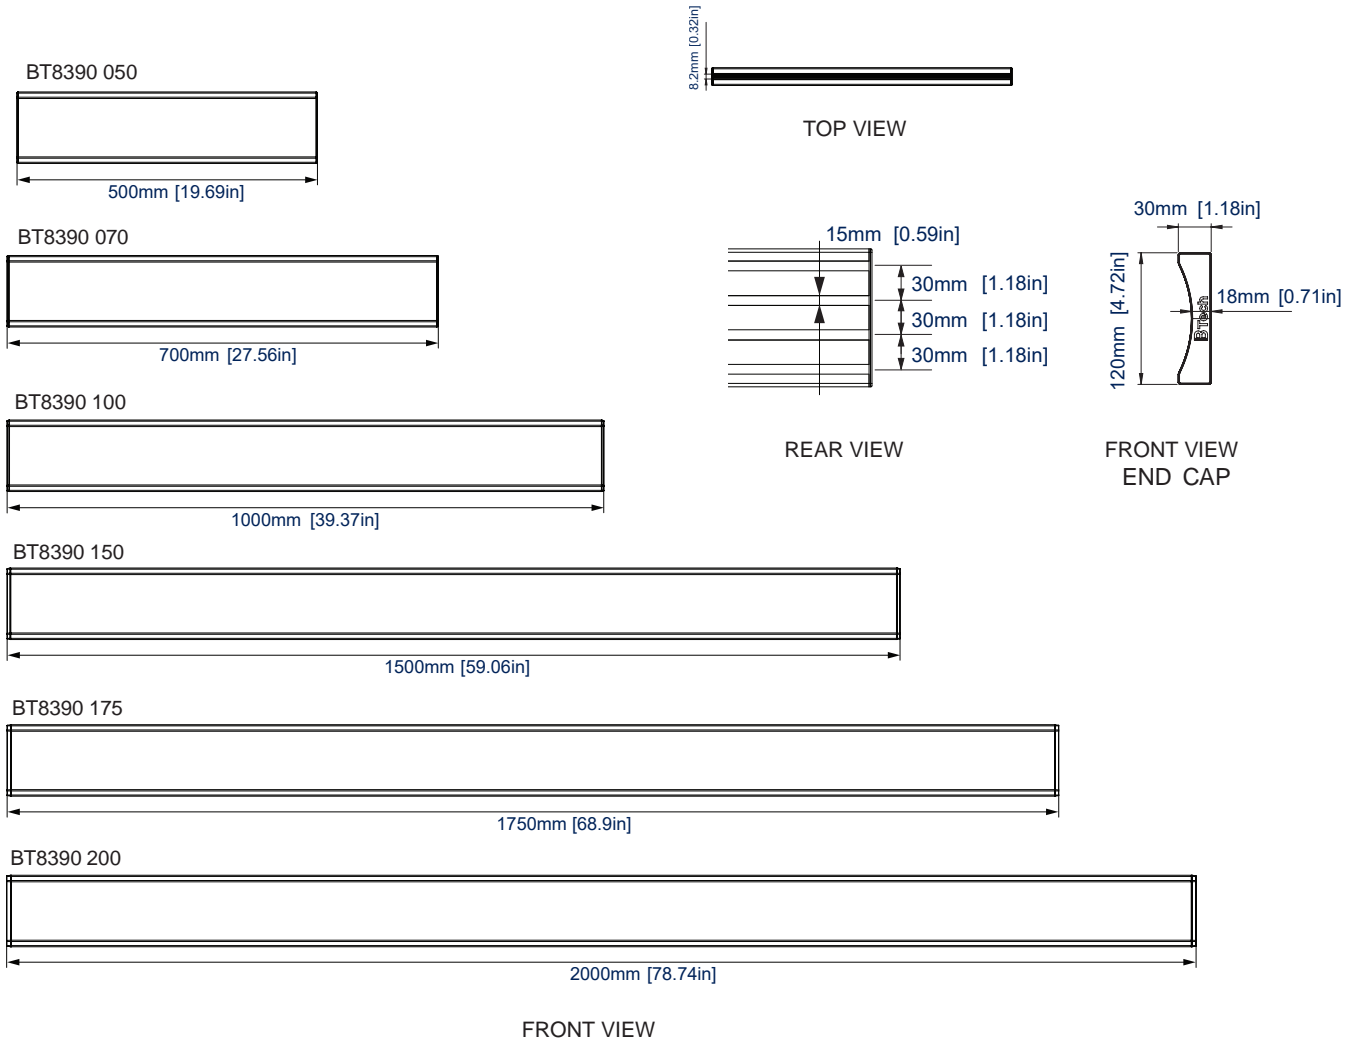

- Part of the System X range for use in a variety of applications
- 1 Available in a variety of lengths and can be cut if necessary
- 2 Lengths can be joined using BT8390-EXT to create longer rails
- 3 Easy hook-on screen installation using System X interface arms
- 4 Use BT8390-CFK collars & poles to create ceiling or floor-to-ceiling installs
- Use BT8390-CT for custom rail lengths
- Ideal for videowalls, menu boards and other multi-screen installations
- Lateral adjustment of interface arms anywhere along the length of the rail
- Supplied with finishing end caps for a smart finish
- High-end aesthetic quality
- Also compatible with Mode-AL BT8385 columns
