

Full front door protection.
One easy to install 2K camera.

The 4-in-1 security camera to help make your home feel safer.

2K resolution

Real-time talk

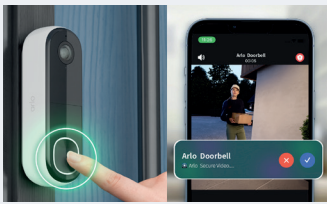

Detection

Loud Siren

Field of View

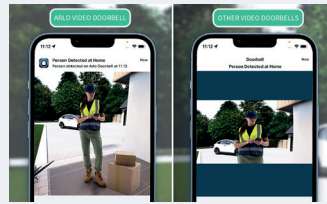

Video Call Alerts

Receive a video call to your mobile the moment the doorbell is pressed, so you can see, hear and speak to whoever is there - without having to wait for the app to open!

Realistic Video

2K resolution gives you realistic video so you can see what's happening at home.

Head to Toe Viewing Angle

A unique square field-of-view captures visitors from head to toe and even parcels on the floor so you can see exactly who and what is at your door.

Real-time Talk

Built in speaker & microphone lets you speak to visitors or warn off intruders even if you aren't home.

Arlo Secure Subscription

Arlo Secure Plans give you access to cloud storage so you can look back at your video history for up to 60 days via the app.

Loud Siren

Scare off intruders with the built-in 80 db smart siren that can be heard up to 30 metres away. Have it automatically go-off if motion is detected or trigger from the app to quickly raise the alarm.

Person & Package Detection

Only see what you want to see with Advanced AI Detection. With person, pet, package and vehicle detection, you can filter out or prioritise your alerts to what's most important.

Weatherproof

Rain, sun, wind and snow proof. Our super-strong polycarbonate casing - the same material used in bullet-proof glass - means your camera can work in temperatures from -20°C to 45°C.

What is in the box:

- (1) Arlo Video Doorbell
- (1) USB Charging Cable
- (1) Wire Extension Kit
- (1) Mounting Plate
- (1) Angled Bracket
- (1) Release pin
- (1) Screw kit
- (1) Quick Start Guide

Who is the Arlo Video Doorbell right for?

- The customer new to home security.
- The customer new to Arlo

How to install and connect:

- Connects direct to Wifi (a 2.4Ghz network) through the Arlo app.
- Install yourself thanks to the removable, rechargeable battery pack.
- Or choose to have a professional wire it into the mains for continuous power - No transformer needed.

TOP TIP

Pair your Arlo Video Doorbell with a Chime 2 and instantly receive loud alerts when the button is pressed or when the motion sensor is triggered

arlo | Secure

- React Fast

Find out more at Arlo.com

How does the doorbell alert you when pressed?

- Receive a direct call to your phone, wherever you are.
- Connect to your existing mechanical or electrical wired chime for a traditional ding-dong sound.
- Connect to your Amazon Alexa or Google Home which will announce when the bell is pressed.

Why is the Arlo Video Doorbell the best choice?

- Arlo is part of Verisure – Europe's No. 1 Security Alarm provider.
- Our doorbell has an integrated deterrent siren to secure your front door.
- A full picture doorbell that lets you see parcels on the ground and visitors from head to toe.

Help your customer build their home security system

Arlo Video Doorbell helps secure the most vulnerable part of the home. For customers looking for more complete security Arlo cameras can deliver 360-degree protection.
