

We at Cooler Master are launching our first LCD display liquid cooler with the MasterLiquid 360 Ion, our new flagship performance cooler. The MasterLiquid 360 Ion gives you total display customization with top-tier cooling specifications. The pump features a stunning 2.1-inch LCD screen, customizable via our MasterCTRL software, while our Gen X dual chamber pump has been refined for enhanced cooling synergy. Of course, the MasterLiquid 360 Ion uses our best line of fans, equipped with three Mobius 120P ARGB fans for unmatched cooling. The pump's design features Cooler Master's signature halo, representing our commitment to innovation. Built-in features such as controllable ARGB lighting and automatic PWM adjustment are compatible with all major motherboards and allow for in-depth personalization. The MasterLiquid 360 Ion is the perfect combination of flagship performance and custom display possibilities – a cooling powerhouse you just can't look away from.
