

# Headset converter(mobile) > PC

Item no.:

# 508-67

EAN:   
5705730508677

Many headsets for smartphones connect to the phone's 4-pin combined audio input and output. A PC typically has two sockets: an audio output and a microphone input. This adapter converts the single connector on headsets to a dual connector for your PC, allowing you to use your phone's headset with your PC.
