## Horizontal UK PDUs

Picture shows 6 way horizontal UK PDU

- 3-metre 1.5mm lead
- Tough 1.5U aluminium extrusion
- Shrouded switch with switch cover
- C14, C20, or 16A commando options
- Horizontal UK 13A BS1363 'type G' outlets

Horizontal UK PDUs are preferred by many due to the fact that it is commonplace for equipment to be fitted with a UK plug. Horizontal UK PDUs allow users to power essential equipment from one easy location in the rack

The cable exits the unit at the rear, making mounting of the PDU easier, whilst taking up only 1.5U of vital rack space
