## L10 Standard Battery: 36 Whr

**Part Numbers:**  
450148 (L10 36 Whr Standard Battery)

**Never be caught without power when you need it most.** An **additional battery** is the perfect companion when working in the field. This hot-swappable battery can be charged while in the rugged tablet or while in the battery charging slot provided in the L10-Series Docking Station. The battery's handy power meter takes the guesswork out of determining available battery life. The tablet's hot-swappable battery capability allows you to continue with your mission-critical application without shutting down the system to change the battery.

### Key Features:

- Lithium-ion battery with 36 WHr capacity keeps tablet powered for up to 10 hours (Mobilemark 14).
- External LED indicates approximate remaining battery life
- Hot-swappable 36 Whr battery 0.36 lb (0.17 kg)
- 1 year warranty
