- 70cm / 27.6" height adjustment
- Motor speed 1.85" / 47mm per second
- Anti-collision feature
- 4 Levelling feet + 2 wall mounting brackets for maximum stability

Product Description

Motorized adjustable wall mount for 42"-86" (interactive) touch screen. The single-column, floor-to-wall design, guarantees maximum stability & safety. The mount comes standard with a wired remote control, allowing the user to raise and lower the screen with a simple touch of the button. The high-speed actuator has an unsurpassed speed of 1.85"/47mm per second. ViewSonic cares about classroom safety. The motorized mount features an anti-collision sensor that detects objects that are in the way during operation. If an obstruction is detected, the system stops and reverses the operational direction. The VB-CNF-002 monitor mount also offers an extended 700mm/27.6" of smooth motorized height adjustment giving everyone, even those in early grades or in a wheelchair, to participate. The integrated display mount allows for displays with maximum weight of 136kg/300 lbs. and a max. VESA 800x600 pattern. Two "pull & release" locking brackets ensure quick and easy mounting of the monitor.
