

SpacePole Arc™

Technology Mounting Solutions

Stylishly mount your touch POS display screens

The new SpacePole Arc is part of our signature Essentials range of point-of-sale solutions. Its new and minimalistic design not only enhances the appearance of today's slimline POS screens but also improves the ergonomics at the workstation. The SpacePole Arc can be mounted onto any existing SpacePole Essentials solution.

Compatibility

The SpacePole Arc mount is compatible with VESA 75 and VESA 100 mounting hole patterns

Features

- **Design Compliance:** With a trend towards lighter and slimmer POS display screens, SpacePole Arc places a greater emphasis on the design and aesthetics of your complete POS solution
- **Maximum adjustability:** A smooth tilt screen operation for screens weighing up to 12kg without any adjustment. Keyholes for quick mounting and servicing, and lower screw holes to level screens on slight angled surfaces
- **Upgradeability:** Replace your current VESA mount without changing your existing SpacePole installation
- **Hygienic:** Antimicrobial powder coating (IGP-DURA®care) is standard for all black (02) metal solutions

Benefits

- **Stimulate sales:** Complement your environment with a more modern look
- **Maximize your investment:** With a quick and easy installation as well as providing efficiency to operators, setting the display to their personal preferences
- **Improve your existing POS installation:** Enhanced looks, ease of adjustment, and operator ergonomics
- **Keep your team safe:** Give associates the safe working environment they expect
