## NEOMOUNTS FLOOR STAND

#### Neomounts FL50-575BL1 mobile floor stand for 65-110" screens - Black

Meet the Neomounts FL50-575BL1 MOVE Go XL; the ultimate mobile solution for large screen displays up to 110" with a maximum weight capacity of 125 kg. This heavy-duty trolley is not just robust and reliable, but also quick and easy to assemble.

Designed with a sturdy structure, the MOVE Go XL offers the perfect solution for large and ultra-wide 105" (touch) screens. The floor stand offers manual height adjustment in 2 preset positions, ranging from 129 to 139 cm, ensuring optimal viewing heights. For extra security, the screen can be fixed in place by locking the brackets using a padlock (not included). Additionally, a multimedia shelf (front and back mountable) and lockable, ventilated hardware compartment with cable opening are included and optional for installation.

The MOVE Go XL is all about mobility. With its practical handles and four solid 100 mm double locking caster wheels, it moves effortlessly wherever you need it. Thanks to the large caster wheels, thresholds or carpets are no challenge for the FL50-575BL1. The low depth profile ensures easy doorway passage.

Assembly is very easy, as the MOVE Go XL comes partially pre-assembled and includes a bolt box with a range of VESA fixings (ranging from 100x100 to 1100x600 mm). Thanks to the provided cardboard installation support, setup can be completed quickly by a single person in just minutes.

Various accessories are available for the MOVE Go XL trolleys, such as a VESA 800 extension kit, a universal videobar kit and practical caster brake lock.
