## The sweet sound of Focus

We couldn't build a wall around you to block out background noise, so we did the next best thing: created a "focus zone" with the new Voyager Focus 2 headset. All you hear is your call with three levels of hybrid Active Noise Cancelling (ANC). All they hear is you with our pro-grade microphones using Poly Acoustic Fence technology. It's all the Poly next-level engineering you expect with the wear-it-all-day comfort you need.

### Three levels of Advanced Digital Hybrid Active Noise Cancelling (ANC)

Adjust noise cancelling level for your personal preference with three options of Advanced Digital Hybrid Active Noise Cancelling (ANC) – high, low and off.

### Advanced multiple microphone noise cancelling with Acoustic Fence technology in a discreet boom

Callers hear you, not your surroundings, with advanced multiple-microphone noise cancelling in a discreet microphone boom and Acoustic Fence technology.

**Stereo sound for calls and media / music**  
Stay focused while on calls or listening to music / media with stereo sound.

Ultra-comfortable headband and plush ear cushions

Stay comfortable during a full day of calls wearing an ultra-comfortable headband with sling and plush ear cushions.

Smart sensors for intuitive and easy to use operations

Enjoy the simplicity of an easy-to-use headset with smart sensors for answering calls, pausing music and instantly muting calls.

Corded USB headset mode for audio over USB

Extend the battery life of your headset by using it corded, with audio over USB mode.

### Technical Specifications Footnotes

<sup>1</sup> SoundGuard Digital Plantronics owns sophisticated algorithms including: Protects against Acoustic Shock by limiting sounds to below 118 dBA; G616 anti-startle protection that limits the noise level to below 102 dB SPL and is therefore compliant to the Australian Communications Industry Forum (ACF) G616 recommendation; Average daily noise exposure measures and controls sound to prevent the average daily sounds exposure from exceeding 80 dBA or 85 dBA time-weighted average (TWA).

<sup>2</sup> Requires Poly Lens Desktop App to enable SoundGuard Digital features.

<sup>3</sup> Voyager Office Base is available as an accessory and is sold separately.

<sup>4</sup> Online indicator adjustments require a setting change via Poly Lens or Plantronics Hub.
