

V7 USB-C Wireless Display Adapter for V7 IFP Screen Sharing

UCWDA

SKU: CH83797

Easily share the screen of your laptop, tablet or other USB-C Alt Mode devices to V7 Interactive Flat Panels (IFPs) wirelessly. With the push of a button, we make it easy to cast with no driver plug and play fast connection in the conference room or classroom. V7 IFPs allow up to 9 devices to cast their contents simultaneously.

- Cast your display wirelessly with up to 4K video resolution
- USB-C connection to the host device
- High performance, plug and play wireless provides a stable connection for a smooth streaming experience
- Simple, one button control
- Compatible with most devices supporting USB-C Alt Mode displays
