

Konftel Cam20

Show everyone. In the minutest detail.

The Konftel Cam20 is the conference camera that brings 4K Ultra HD video for personal work spaces all the way up to large meeting rooms. Coverage for all the participants, who are presented naturally in the pin-sharp image. In short, the Konftel Cam20 is the ideal complement to your speakerphone.

You can also be sure that the other participants in the video conference will get a clear and balanced image of you and your colleagues – whether you opt to transmit in 4K or regular HD resolution. With WDR technology, the Konftel Cam20 automatically adjusts to achieve a good picture in different light conditions, even challenging ones such as low light, direct sunlight and high contrast.

- 4K Ultra HD
- 123° field of view
- Auto framing
- Simple installation
- EPTZ
- 8x digital zoom
- Remote control
- USB
- Two-year warranty
- Climate Neutral Certified

A WIDER PICTURE

The Konftel Cam20 is optimized for situations where the conference cam needs to be positioned close to the table, but it is equally at home in medium-sized meeting rooms. The 123° field of view means that all the participants can sit in a comfortable position and still fit into the video image. At the same time, the camera creates a realistic image with no distortion.

SMOOTH MEETINGS

Whatever your preferred app or cloud service, the Konftel Cam20 will sort out the video image as long as you can connect via USB. Once the meeting is up and running, you can control the camera's digital Pan-Tilt-Zoom via the remote control with simple presets. 4K resolution makes the zoom deep and sharp.

PERFECTLY FRAMED, ALL THE TIME

With auto framing, room participants will always be ideally fitted within the picture. This removes the need to manually crop the image with the digital zoom. If someone leaves the room, the framing cleverly readjusts. The feature can be disengaged if required.

CLIMATE NEUTRAL PRODUCTS

Konftel is certified in line with the Climate Neutral standard. This means that we have offset all our greenhouse gas emissions and are taking action to further reduce those emissions. When you choose a Konftel product, you keep a clear climate conscience while supporting your organization's growing need for video collaboration.

Specifications Konftel Cam20

GENERAL

Product name: Konftel Cam20

Item number: 931201001

Contents: Konftel Cam20, 4.5 m USB cable (type A/type B), remote control with two AAA batteries, Quick guide, safety declaration.

Product documentation: Manual, Quick guide

Size: 194 x 34 x 42 mm without bracket

Weight: 340 g

Color: Charcoal black

Warranty: 2 years

CAMERA

Resolution: 4K Ultra HD/30 fps
