FEATURES

Brilliant picture quality

Experience your favourite shows with stunning detail and clarity. Whether you're streaming in HD, 4K, or HDR, you'll get picture quality that's optimized for your TV with sharp resolution and vivid colour.

Smooth streaming over Wi-Fi

4K streaming requires a stronger internet connection than standard HD. That's why Roku Express 4K features dual-band wireless for a fast connection and a smooth streaming experience, even with multiple devices on your network.

Tons of power. Tons of fun.

Upgrade to Roku streaming with a massive selection of free shows & movies. Easily discover where to stream your favourites free or at the lowest cost with unbiased results ranked by price from Roku Search. Personalize your home screen with your favourite channels front and centre and enjoy regular updates with new features.

Setup is a cinch

It's easy to get started with everything you need included in the box. Just plug it in to your TV and connect to the internet. With a quick guided setup, you'll be streaming in minutes.

Simple remote

Easy to use and thoughtfully crafted to fit in your hand, it's got everything you need to control your player, including shortcut buttons to popular streaming channels.

Works with Alexa, Siri, and Google Assistant

Search, play entertainment, and more with your voice using compatible voice assistant-enabled devices.

Works with Apple AirPlay

Easily share videos, photos, music, and more from your Apple device to your TV in a tap.

Even more features on the Roku mobile app

With the free Roku mobile app you get access to features like voice controls, private listening, keyboard search, and more.
