

i-tec USB-A/USB-C Charging HUB 9port with LAN + Power Adapter 60 W

i-tec USB-A/USB-C Charging HUB 9port
with LAN + Power Adapter 60 W

PRODUCT DESCRIPTION

This HUB offers a total of nine USB ports, all of which offer BC 1.2 fast charging (7.5W). There are a total of 3 USB-A charging ports, as well as 4 USB-A 3.2 Gen 1 (5 Gbps) ports and 2 USB-C 3.2 Gen 1 (5 Gbps) ports. So the HUB offers plenty of options for connecting your accessories, both for copying and transferring data and for fast charging. In addition, each port can be individually switched on and off as needed to increase transfer speeds and charge ports that you leave on. The HUB also features a LAN port that can operate at 10/100/1000 Mbps speeds, so you can work comfortably with a reliable and secure Internet connection. The HUB is equipped with surge protection, so there will be no risk of your connected devices being damaged by high voltage or current. Of course, this HUB does not require drivers to be installed. Just connect it with a USB cable to your computer and you can start using it right away. Connection is possible to the widest possible range of computers as it can be connected to USB-A as well as USB-C, USB4 and Thunderbolt.

PRODUCT FEATURES

- 1x USB-C port for connecting to devices
- 3x USB 2.0 port with fast charging support (BC 1.2) (charging only)
- 4x USB-A 3.2 Gen1 port
- 2x USB-C 3.2 Gen1 port
