The powerful clean air delivery rate (CADR) provides complete coverage up to 155m², while the E12 EPA filter with activated carbon and TRU-BEAM UV-C work to reduce airborne virus exposure. Easy to set up and maintain, the Leitz TruSens™ Z-6000 Performance Series Air Purifier simply plugs in and is ready to go. The remote SensorPod technology constantly monitors air conditions to ensure clean air throughout the entire room.
