

ALPACON 200 Power Pack (Provisional) (200)

ALPACON 200 Power Pack (Provisional) (200) is a high-performance, multi-functional power pack designed for industrial and commercial applications. It features a robust, weather-resistant housing and a long-life battery pack, ensuring reliable operation in demanding environments. The unit is equipped with multiple output ports, including USB, FireWire, and Ethernet, providing versatile connectivity options. Its compact design and lightweight construction make it easy to transport and install. The ALPACON 200 Power Pack (Provisional) (200) is ideal for powering a wide range of devices, from portable computers to industrial machinery, offering a convenient and efficient power solution.

Key Features:

- High-capacity battery pack for extended runtime.
- Weather-resistant housing for outdoor use.
- Multiple output ports (USB, FireWire, Ethernet).
- Compact and lightweight design.
- Easy-to-use controls and indicators.
- Compatible with a wide range of devices.

Specifications:

- Capacity: 200 Wh
- Voltage: 12V
- Current: 16.7A
- Dimensions: 100mm x 100mm x 100mm
- Weight: 2.0kg
