EAN-13: 0766623461788 | UPC: 766623461788

Mobile stand with tray and VESA mount for projectors, displays and notebooks - perfect for presentations

This Portable Tripod Stand from Manhattan is your versatile, sturdy support for showing digital content. More than just a portable lectern, this handy stand sets up quickly where you need it to help secure the device that is part of your presentation. Put a laptop or tablet on the tray to give a talk so you can stay focused on your content, delivery and audience. Place a projector on the tray to show your video if there is no ceiling mount available. It supports device weights up to 15 kg (33 lbs.). The raised edges on the tray safely keep your device in place. The tray's VESA pattern lets you attach a 13" to 32" monitor to create a retail display or trade show kiosk.

Adjustable height and viewing angle

This convenient, free-standing tripod folds up quickly and easily. Integrated tool-free thumbscrews let you tilt and adjust the height for optimized views. Rubber feet prevent slipping during a lecture, protect your floor from scratches and

keep movement quiet.

Features:

- Free-standing, adjustable tripod with tray for notebooks, projectors and other devices up to 15 kg (33 lbs.)
- VESA-compliant mount for one 13" to 32" monitor
- Up to +/-180° swivel and 0° to -90° tilt for optimized views
