

NeoECO

Gold Modular

TYPE **NE750G.M**

The brand-new NeoECO Gold Modular series was born ready for the best DIY-PC experience seekers, and it also serves exceptional performance and outstanding stability. Featuring 100% full modular design and 80 PLUS Gold certification, the NeoECO Gold Modular series keeps your PC hardware installation consistent and clean. It still provides highly efficient power to your system and reduces your electricity bills. The advanced thermal control with the Zero RPM mode enables to turn the fan off at low loads to provide absolute silence. With the 120mm silent fan, the NeoECO Gold Modular can optimize the balance between cooling and noise. High-quality Japanese heavy-duty caps allow your system has more stable performance. The CircuitShield™ design serves your industry-grade protection to make your system safe in any environment. With the 7-year warranty, the NeoECO Gold Modular series will be the ideal choice for professional modders and PC gamers.

120mm Silent Fan

Features improvement for airflow and excellent durability.

Zero RPM Mode

The Zero RPM fan mode further automatically ensures zero fan speed at low loads to reduce plenty of noise and keep absolute silence.

Japanese Heavy-Duty Caps

Japanese capacitors ensure the highest DC stability and regulation, for reliability that you and your system can count on.

PhaseWave™ LLC+DC to DC Design

7-Year Warranty

The new NeoECO Gold Modular series from Antec pushes the standard for excellence with the circuit shield suite of substantial protections and is backed by a 7-year warranty.

100% Full Modular

Enables users to use only the cables which are needed and help clear out excess cables that can block out and reduce airflow.

INPUT

100-240 VAC, 50Hz-60Hz, 15A max.

OUTPUT

+3.3V	+5V	+12V	-12V	+5VSB
28A	26A	62A	0.5A	2.5A
100W	74W	3.6W		12.5W
750W				

Connector

NeoECO NE750G M Gold Modular

- 100W Continuous Power - Dispatched 100W of Continuous Power from Antec
- 100% Modular - Improves airflow and reduces clutter
- 80 PLUS Gold certified - Reduces your electricity bill
- PhaseWave™ Design - A server-class LLC design with a synchronous rectification based on a DC-DC topology
- Antec Quality 7-year warranty
- 120mm Silent Fan - Whisper-quiet high-quality fluid-bearing fan with long lifetime
- Zero RPM Manager - An advanced fan control system with fan-off mode at low loads for absolute silence
- 0V5+12V - Output for maximum CPU & GPU support
- CircuitShield™ - Full suite of industrial-grade protections: OVR, OVP, UVR, ODR, OPR, EFT, IOP, SLO
- Regulatory - UL/ULX/ULN/ULV/CSA/IEC/EN/CE/UL/CCC/BS/EN55022/EN55024
- High-Quality JP capacitors delivers unprecedented tight voltage regulation & low ripple & noise to maximize your system's performance
- 28Pin+10 pin Molex picket - For possible future Molex connectors
- ATX 12V 2.4 - Registered according to the current PSU guideline and compatible with the latest CPU generation
- Net Weight: 1.37 kg, Gross Weight: 2.25 kg
