Features

Power options

The outdoors wireless siren can be installed with either a DC12V power adapter or with just 3 x D batteries. Battery life on standby is up to 36 months.

Tamper proof

The Cave wireless siren is tamper proofed, against a would be intruder, by a tamper proof release button and a bubble level.

Wireless

Cave is wireless, easy to set-up and use. The starter kit includes everything you need to start your smart home alarm. Cave works over wifi, or a back-up SIM card, should the wifi go offline (SIM card not included).
