

H3PRO Hybrid

Ultimate Performance, Ultimate Immersion

The H3PRO Hybrid headset is created for the demanding gamer that accepts no compromises in their wireless gaming needs. Cutting edge wireless technology ensures secure lag-free transmission of audio cues via dongle for instant in-game reaction. Simultaneous Bluetooth® allows for pairing to a smart phone and audio mixing when gaming on wired connections while Android users can also mix their audio streams when connected via dongle.

EPOS Hybrid products deliver multiple connection options. The H3PRO Hybrid offers lag-free wireless connection via dongle, exchangeable USB/console cables and Bluetooth®. Enhanced noise cancellation with ANC is especially handy when on-the-go while the detachable boom arm adds versatility. The EPOS Gaming Suite for PC provides more audio controls and 7.1 Surround Sound.
