Impress Everyone in Every Meeting

Yealink UVC34 enables you to impress everyone in video meetings no matter where work happens. UVC34 integrates with a 4K AI-driven camera, microphone arrays, and speaker into a single device, bringing stunning video and audio experiences for small and huddle rooms. Moreover, the all-in-one and plug-and-play design makes it portable and simple to set up, no matter where you're working.

Immersive Video Experience

By automatically framing participants, the 4K ultra-HD camera delivers a crystal-clear and engaging video experience to remote participants. Featuring 120° super-wide-angle lens with 5x digital zoom, UVC34 captures tiny details in the meeting room.

Superior Audio Performance

With Yealink Noise Proof Technology, dereverberation and full-duplex features, the built-in 8 microphone array, and 5W high fidelity speaker allow users to hear and to be heard clearly without distraction.

All-in-One Design, Plug-and-Play, Easy And Effective

UVC34 integrates with a 4K AI-driven camera, microphone arrays, and speaker into a single device. Thanks to the compact design, admins save a lot of effort in deploying and maintaining devices. With the plug-and-play feature, you can simply walk into your next meeting with everything you need at your fingertips. No extra drivers and software are needed. Just an easy and effective solution for you to start a meeting no matter where you want.

PRIVACY PROTECTION

electric lens cap automatically turns on and off when activating and ending a meeting, securing the privacy of meeting rooms

REMOTE MANAGEMENT

built-in Wi-Fi, realizing remote device management, configuration, diagnosis, and upgrade (coming soon)

OPEN FOR THE WORLD

applicable to most video conferencing platforms, allowing you to connect with your teammates no matter where they are.
