

# HP Slim Rechargeable Pen

## Powerful Pen for select HP ProBooks<sup>1</sup>

Compatible only with select education edition HP ProBook's<sup>1</sup>, this sleek pen includes a unique pogo-pin design for fast, any direction charging so you can edit, draw, doodle, and take notes just like using a traditional pen and paper, but smarter. Plus, with its stylish design, you can take it anywhere.

\*Product image may differ from actual product

### Supercharge Your Charge

When inspiration strikes, you don't want to lose it because your pen is out of power. With its flexible pogo pin design, simply park the pen in the charger<sup>2</sup> for just 20 seconds, even in different directions, to get enough power for up to 70 minutes of continuous writing, drawing, and creating<sup>3</sup>.

### Like Pen To Paper, Only Smarter

Write and draw with ease on the touchscreen with the pen-point accuracy and pressure sensitivity. Edit, draw, doodle, and take notes with the natural feel and control of using traditional pen and paper, only smarter with HP's intuitive, fast-charging stylus.

### Slim and Elegant

Many pens and styli are functional, but they often don't look that great or feel right in your hand. Not here. With its sleek design, this stylish pen is easy to store and carry so you can use it anywhere.
