

POLE MOUNT TO WALLS

BT7831

WALL MOUNTING BRACKET FOR Ø50MM POLES

Designed to mount Ø50mm poles onto walls, the BT7831 is ideal for installing at screens and other AV equipment at locations where it is not possible to fix to the floor or ceiling (or both) or when there is a large section of wall behind the installation which is not strong enough to fix to.

SPECIFICATION

Max Load	150kg*
Use 2x BT7831 for a wall mounted pole installation	
Use 1x BT7831 with a B-Tech ceiling / floor mount for a ceiling-to-wall or floor-to-wall installation	
Distance from wall	145mm (113mm to centre of pole)
Colour	Black

**Max load can be increased when used as part of a floor-to-ceiling installation*

FEATURES

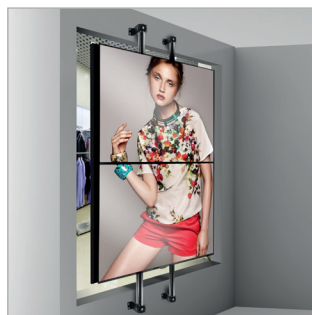

- Allows poles to be mounted vertically on to walls
- Ideal for use with B-Tech ceiling / floor mounts to create ceiling-to-wall or floor-to-wall installations
- Heavy duty steel capable of supporting substantial loads
- Supplied with safety bolt for secure installation
- All mounting hardware included

Compatible with B-Tech Ø50mm poles

Includes safety bolt and grub screws for extra safety

Pole mount screens to the wall

Ideal for creating multi-screen pole mounted installations - such as video walls
