Charge Multiple Devices at the Same Time

Ditch the collection of chargers you use for your different devices and charge them all using a single, convenient charger.

Charge any USB device – USB-C Power Delivery 100W

This charger can provide up to 100W of power to high powered devices – the maximum amount supported by the USB Power Delivery standard.

Compact & Portable – Easy to use and carry

Using the latest GaN charging technology, we've been able to make our chargers 50% smaller than traditional chargers and eliminated the need for a bulky cable to connect the charger to the power outlet. The result is a take-anywhere charger that can be thrown in a laptop bag for on the road use without taking up valuable space and weighing you down.

Certified Safe – Meets and Exceeds All Safety Standards

The charger is certified to meet and exceed all international regulatory standards and features multiple safety functions such as over current protection, over voltage protection, short circuit protection & over temperature protection.
