Composite / S-Video to HDMI Converter with Audio

[Lindy Composite / S-Video to HDMI Converter with Audio:](#)

The Lindy Composite / S-Video to HDMI Converter with Audio is a compact device which allows the connection of legacy analogue AV equipment with modern HDMI displays or projectors.

The converter features a built in up-scaler which enhances low resolution video, providing the option to output both Standard, or High definition HDMI signals, creating a high quality viewing experience, perfect for home office, security, and CCTV applications.

Compatibility is maximised with support for both PAL and NTSC source devices while a low power requirement through USB creates greater flexibility with installation.

Please Note: Audio through the HDMI connection is not supported on HDMI 2.0 displays.
