Truly Universal

The dock provides universal compatibility across both Mac and Windows for dual monitor support over all laptops with Thunderbolt 3 or USB-C ports. This enables IT professionals to deploy the TURBO dock as a single dock solution across all users, in turn enabling hot desk setups at workplaces with cross platform laptops enabled with either Thunderbolt 3 or USB-C outputs.

High-Definition Dual Display

The TURBO dock supports dual monitors with 4K@60Hz via the twin DisplayPort outputs when connected to a Thunderbolt 3 enabled laptop. It will also support dual monitor with 1080p resolution or a single 4K@30Hz monitor when connected to a USB-C enabled laptop.
