

# BACK-UPS™BX series

# **Advanced Power Protection**

APC™ Back-UPS™ BX series are a quality range of products for price conscious customers, who wants a solution for, basic needs of power protection and backup for their devices at home and small offices which carry the brand promise of the largest UPS manufacturer in the world!

### Ideal Power Protection for the following environments and devices:

#### Home Office

Work from home & remote learning devices

- Modem / Router
- PC Desktop
- PC Monitor
- Network-attached Storage

### Home Entertainment

Living room essentials

- Modem / Router
- TV Box
- Television
- Music Speaker

#### **Smart Home**

IoT electronics

- Modem / Router
- Smart Speaker
- Home Security / Surveillance Camera

Life Is On

# **APC Back-UPS BX Series**

# Helps protect your devices from power surges and outages

(?) How does a UPS help protect my uptime?

### **Power Surge Protection**

### **Refined Power Supply**

### **Instant Power**

Helps protect computer and connected devices from dips and spikes caused by lightning

Instant power to your equipment the exact moment the power goes out

# Battery backup is key to home continuity

The electronic devices you rely on for communication, security and entertainment depend on a stable network connection.

### Comprehensive Power Capacity Range

Models ranging from 500VA-2200VA; choose a solution aligned with your specific application and runtime needs

### Visibility and Manageability Software

In the event of an extended power outage, prevent potential data loss or corruption with PowerChute Personal Edition Software

### Stylish LED Green ID design

The Easy UPS controls LED brightness. During On-Line Mode, a short press of the power button will dim the LED brightness and heard a beep. Press one more time, the LED brightness will return.

# New BX Product Features

## Super Solution for Light Users

### Sufficient Runtime

50% Load with 6.7min to 7.7 min back up time 100% Load with 1min full series back up time

### Wide Input Voltage Range

Allows unstable power environment protection 140-300V

### Built In AVR + Surge

Saves battery life by correcting sustained voltage fluctuations without losing battery power. Surge will against damaging lighting and spikes help to protect the products by converting different voltage input to meet the one required.

### Value Added ID outlook

A new stylish ID outlook is surely the value for home & light users that could use Easy Battery Back up as one of interior design and with power protection attribute!

### Comprehensive VA range

Our New Gen offers 500VA-2.2kVA range which enable single UPS that connects to multiple devices in which saving system's total cost.

### **Auto-Start Function**

Enables the UPS to restart automatically when mains recovers after a complete battery discharge

# Communication & Management

APC's Power Chute

#### Communication Interface

Connecting the USB cable to our Back UPS easily for status management

### **Dataline Protection**

Majority of all surge-induced damage is caused by surges and spikes traveling along unprotected data lines.

Our New BX Series offers Dataline protection for data transmission through Network with 1 gigabit speed.

## BX-series Run-time Chart

Applications	BX500MI	BX750MI	BX950MI	BX1200MI	BX1600MI	BX2200MI
Entry-level PC with 20" LED monitor + Internet modern and router	52 mins	64 mins	80 mins	88 mins	140 mins	174 mins
Entry-level PC + network gateway+ internet modern and router	23.5 mins	26.5 mins	32 mins	34 mins	51 mins	77.6 mins
Mid-Range PC with 20" LED + laptop + network gateway + internet modern and router	13.1 mins	16 mins	19 mins	25.8 mins	35 mins	59 mins
240 warts Performance PC with 24" LED monitor + external powered speakers + Internet modern and router	1.8 mins	5.4 mins	7.5 mins	8.7 mins	16.2 mins	25 mins
Runtime varies according to devices, usage and power settings. The higher battery power (VA), the longer runtime provided.	****		****	0.0.00	00001	•••••
