

# Professional desktop document scanner with wired and wireless connectivity and dedicated user touchscreen

ADS-4700W

## High-speed wired and wireless network scanner with dedicated user touchscreen

Designed to allow businesses to simplify complex workflows or operational processes. With the simplicity of one-touch scanning, securely capture your documents to easily share and collaborate with colleagues, whether they're at home or in the office.

### ADS-4700W

### Key features:

- Scan up to 40 pages per minute (ppm)
- 2-sided scan up to 40ppm and advanced image processing
- 80 sheet automatic document feeder (ADF)
- Large 10.9cm intuitive touchscreen
- Dedicated user interface
- Wireless and wired network connectivity
- SuperSpeed USB3.0 and scan directly to USB host
- Scan from your mobile device with Brother Mobile Connect app
- Auto start scan, ultrasonic multi-feed sensor, separation switch, scan preview, CIS cleaning alarm
- Comprehensive software suite included<sup>2</sup>

### Fast and reliable

With an in-built ultrasonic multi-feed sensor to eliminate misfeeds, the ADS-4700W also has a large 80 sheet ADF capacity and rapidly scans up to 40ppm.

### Simple and intuitive

Set up a dedicated user interface with one-touch scanning and the ability to add shortcuts to frequently used destinations. You can also use an optional external card reader to make the scanning process even easier. Just tap the card and add your documents into the ADF to automatically and securely capture the information on the page.

### Advanced connectivity

With USB3.0, USB host, network and wireless connectivity, you can securely scan documents and share with colleagues, without the need for a PC.

## Advanced image capture and processing

Enjoy effortless and impressive image capture and processing - from easily referencing and locating scanned pages with the digital imprinter, to optimising image quality through the automatic vertical streaks and moiré reduction tools.

The document separation functionality also automatically detects and removes any scanned blank pages, thus reducing file sizes and document preparation time.

## Brother ScanEssentials

As well as easily scanning and saving documents to network folders, our ScanEssentials software provides you with additional features which you can tailor to your business.

For added security, you can set up passwords and protect your workflows, with the option to save your documents in a variety of formats.

The metadata function can also read barcodes or specific strings of text to easily facilitate the separation and file naming of documents.

## Industry recognised software

Increase post-scanning productivity with industry recognised software including Kofax and NewSoft, available as standard with this device.
