USE WITH KONFTEL UNITE

The conference phone and your meetings can be managed from the app instead of the phone's keypad. Call contacts from your local address book, create conference groups, adjust the volume and other features.

Install the app

Konftel Unite is free to download from the **App Store** and **Google Play**. Download and install it from the store like any other app.

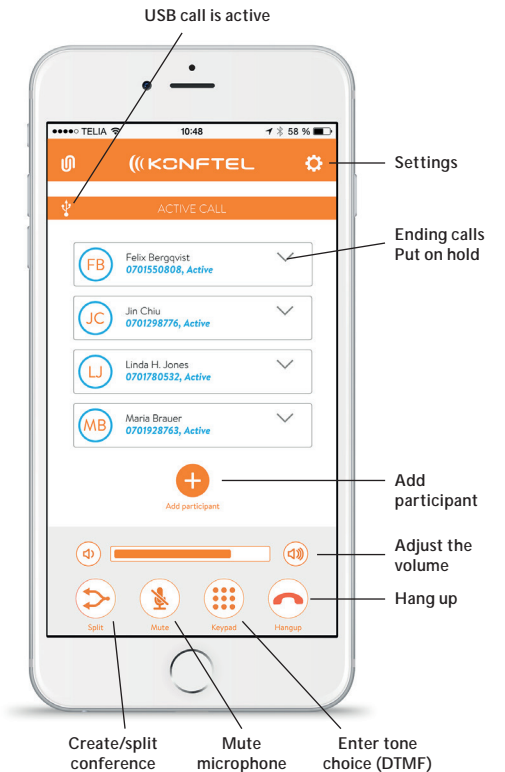

Pairing and connecting

The first time you use the Konftel 300IPx with Konftel Unite in your mobile phone, the devices have to be paired as instructed in the app. They then connect with one click after the app has been opened near the conference phone.

- ⇒ Open **Konftel Unite**. The closest Konftel 300IPx will then be displayed.
- ⇒ When you select the Konftel 300IPx that you want to connect, a pairing code will be displayed.
- ⇒ Enter the code via the keypad on the conference phone and press **OK**.

Pairing will then start. When the devices are paired, the Unite connection symbol will be displayed in both Konftel Unite and the Konftel 300IPx.

Calendar and today's agenda

Today's agenda is displayed in the calendar view. Your bookings and meetings are downloaded from your selected calendars and are displayed here (see Unite settings). A phone symbol is displayed for each activity that contains call information .
