BT9920

XXL DISPLAY WALL MOUNT

The BT9920 is a dual-rail wall-mounted solution designed to mount extra-large displays over 72" and capable of supporting heavy loads up to 200kg, ideal for mounting sizeable digital signage displays or interactive screens with a simple hook-on installation. BT9920 features height adjustment screws that allow the screen to be levelled once mounted and integrated cable management, keeping the finished installation tidy.

SPECIFICATION

| | |
|--------------------------|------------------|
| Recommended screen size | 72" up to 120" |
| Max load | 200kg |
| VESA® & non-VESA fixings | up to 1600 x 800 |
| Distance from wall | 52mm |
| Colour (mounting rail) | Black or Silver |
| Colour (VESA arms) | Black |

FEATURES

- Designed to wall mount extra-large signage displays such as LG's 110UM5J
- The universal design is ideal for other standard or interactive screens over 72" (such as Sahara Clevertouch® or Microsoft Surface Hub)
- Slim-line design for a close to the wall installation
- Keyhole fixings on wall plates for an easier installation
- Cable management clips (**BT8390-CMC**) are included to keep the installation tidy
- Interface arms include levelling screws to adjust the height of the screen
- Safety screws help prevent unauthorised removal of screens
- Simple 'hook-on' installation
- All mounting hardware included

Simple 'hook-on' installation.

Interface arms include height adjustment screws to help level the screen.

Safety screws help prevent unauthorised removal of the screen.

Cable management clips (**BT8390-CMC**) are included to keep the install tidy.
