In full colour

The GXT 838 Azor keyboard and mouse work with all PCs and laptops: just plug in and start gaming. Set up the keyboard at the right height with the anti-slip rubber feet and you are ready to game in full colour: the keyboard comes with combined LED colour modes with adjustable brightness.

In control

The keyboard has a full-size layout, which makes it optimally designed for fast key entry. Its anti-ghosting technology ensures that you can game fast and accurately: you will remain in control even when you press up to 8 keys simultaneously.

Anti-Ghosting

Game mode: on

The keyboard has 12 direct access media keys, making it possible to control your music or the illumination of the keyboard. You can even play music, start a search or change pages directly with the keys on your keyboard. The special game mode switch ensures that you won't return to your desktop accidentally when hitting the Windows key: it is disabled during gaming sessions.

Quick responses

With the 6 responsive buttons and illuminated design, you'll have the gaming victories in the palm of your hand. Choose your preferred speed with the DPI select button (800-3000 DPI) and the continuous cycling colours will bring your gaming set-up to life!
