of Storage

2-in-1 Camera and Wall Light

Day and night protection with a seamlessly integrated camera and light combination. Near-invisible surveillance protects your home, and the light deters intruders.

2K Wide Field of View

See faces or monitor deliveries clearly day and night in crisp 2K resolution and 4:3 aspect ratio.

1,200 Lumens for Brightness and Safety

Bright enough to light up your space and to deter any would-be intruders from your home.

Human Detection, AI Enhanced Alarm

The light and siren alarm system protects your home day and night, controlled by AI that recognizes humans within your defined activity zones.

Motion-Activated Lighting

In addition to direct, scheduled, and Alexa control, your lights can react to motion detection.

Choose from Multiple Colors

Multiple lighting effects and colors can be selected to customize the look and feel of your space, or make a unique addition to your holiday decorations.
