

HEAVY DUTY 6MM STEEL

BT7822

HEAVY DUTY FLOOR / CEILING MOUNT FOR Ø50MM POLES

Made from heavy duty 6mm thick steel, the BT7822 is a robust mounting solution designed to mount Ø50mm poles to the floor or ceiling. Capable of supporting heavy loads, it is the ideal solution for ceiling mounted flat screen or projector installs, ranging from basic setups to complex installations that feature multiple screens or AV components.

SPECIFICATION

Steel Thickness	6mm
Max Load	150kg*
Elevation / Drop	141mm
Plate Diameter	150mm (without covers)
Colour	Black or Chrome

*Max load can be increased when used as part of a floor to ceiling installation

FEATURES

- Can be used to mount poles to the ceiling or to the floor
- Heavy duty steel capable of supporting substantial loads
- Multiple grub screws ensure that mounted poles can hang perpendicular to the ceiling / floor, even with heavy loads attached
- Integrated cable management through the top or side of the mount
- Internal end stop prevents pole from dropping through the mount during the installation process (whilst floor mounting)
- Includes cover plate to hide fixings
- Supplied with safety bolt for secure installation

Ideal for mounting screens and projectors to the ceiling

Integrated cable management to hide unsightly cables

Cover plate included for a neat and tidy installation

Also available with Chrome finish
