Highlights

Control up to 10 lights with the Bluetooth app

With the Hue Bluetooth app, you can control your Hue smart lights in a single room of your home. Add up to 10 smart lights and control them all with just the touch of a button on your mobile device.

Control lights with your voice*

Philips Hue works with Amazon Alexa and the Google Assistant when paired with a compatible Google Nest or Amazon Echo device. Simple voice commands allow you to control multiple lights in a room, or just a single lamp.

Create a personalised experience with colourful smart light

Transform your home with over 16 million colours, instantly creating the right atmosphere for any event. With the touch of a button, you can set a festive mood for a party, turn your living room into a movie theatre, enhance your home decor with colour accents, and much more.

Set the right mood with soft white light

Hue bulbs and light fixtures use a soft white light. Dimmable from bright daylight to low nightlights, these smart lights allow you to fill your home with just the right level of warm light when you need it.

Unlock the full suite of smart lighting features with the Bridge

The Bridge unlocks the features that make smart lighting truly smart – away-from-home control, voice control, automated lighting and much more. Add a Bridge to your setup to create immersive experiences, tap into technology that's secure and reliable, and more. The Bridge is the key to smart lighting like you've never seen before.

Seamlessly blend colours

Get a seamless blend of multiple colours of light at the same time in a single LED strip. The colours flow together naturally, casting light to showcase a unique effect.

Shape, cut or extend

Completely flexible, the gradient lightstrip lets you shape and bend it to fit your space. Attach a gradient lightstrip extension for larger surfaces or cut the strip to size to fit into a smaller space.

Requires a Philips Hue gradient lightstrip base unit

Extend your Philips Hue gradient lightstrip up to 10 meter with 1 meter extensions. Cover larger areas with a colorful and consistent blend of light, such as full-room cove lighting or under a bed. This product can only be

used to extend the Philips Hue gradient lightstrip.

Dynamic light scenes

Amp up the ambiance of special moments with living light. Use dynamic scenes to create the perfect mood in any situation.
