

EVOLVE 65 SE

Engineered for multi-tasking.

Professional wireless headset with dual connectivity.

UC-certified means UC-satisfied

Jabra Evolve 65 SE is a professional Unified Communications (UC)-certified headset that's fully compatible with Microsoft Teams, or your UC platform of choice, for a truly seamless experience. Because when communication flows easily, work does too.

Nothing holding you back

Get up, take a call, or take a break, all while staying connected to your device. With a wireless Bluetooth connectivity range of up to 30m/100ft, plus 14 hours battery life, there's nothing tying you down.

Get in the zone. Stay in the zone.

Show those around you when you're on a roll and not to be disturbed, by activating the busylight. The handy little light automatically turns red when you're on a call to keep you from being interrupted, or you can enable it manually.

One headset. Two devices.

Stay wirelessly connected to two devices at the same time with dual Bluetooth connectivity. Answer calls from your phone, listen to focus enhancing music on your computer, work however you need to work — all using the same headset.

Use. Store. Charge. Repeat.

Once you're done using your headset, dock it on the handy charging stand* to charge and store it in one go, so it's always ready when you are.

Connects to:

*Available as an accessory

HOW TO START AND PAIR
