

ADJUSTABLE  
 CEILING DROP

# BT893-AD

## ADJUSTABLE DROP HEAVY DUTY PROJECTOR CEILING MOUNT WITH MICRO-ADJUSTMENT

The BT893-AD is a ceiling mounted, universal projector mount designed to mount projectors up to 70kg. The BT893-AD allows the projector to be lowered or raised in 25mm increments & securely fastened at the desired height. Featuring easy adjustment of tilt, yaw, roll & additional micro-adjustment at each corner makes alignment of projections quick & simple. The projector attaches to a mounting plate that can be extended to accommodate large spacing patterns using the included extension legs, ideal for large scale & precision applications such as events & staging or for edge-blending & projection mapping.

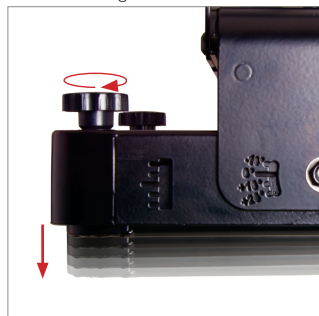

### SPECIFICATION

Max load	70kg
Tilt	+20°/-10° (+/-5° with micro-adjustment)
Yaw	45°
Roll	+/-5°
Adjustable ceiling drop	766-1186mm*
Max distance between fixings	873mm
Max distance (square spacing pattern)	618mm
Colour	Black

\*Add 20mm to ceiling drop if extension legs are used

### FEATURES

- Adjustable drop in 25mm increments for easy positioning of projector
- Easy, incremented tilt adjustment
- Micro-adjustment thumbwheels at 4-points for controlled & precise adjustment of the projector
- Ideal for use with projection mapping projectors
- Pole is internally unobstructed for cables to pass through easily
- Optional extension legs can be used to accommodate larger spacing patterns
- Suitable for projectors using M6, M8, M10 & M12 fixings
- Quick & easy assembly
- All mounting hardware included

Micro-adjustment thumbwheels at 4-points for controlled & precise adjustment of the projector

Adjustable drop in 25mm increments for the easy positioning of projector height

Features easy, incremented tilt adjustment

Optional extension legs can be used to accommodate larger spacing patterns
