	Component	Function
1	Security Plate	<ul style="list-style-type: none"> Used to hide the Mounting Screws. Used to prevent access to the Mounting Screws.
2	Desk Anchor	<ul style="list-style-type: none"> Used in place of a stationary object to secure a connected Device.

Requirements

For the latest requirements, please visit www.startech.com/LTANCHORL.

Installation

Notes: The **Desk Anchor** is not recommend for use outdoors, in high humidity conditions, on glass, ceramic tile, or water absorbent materials.

The following surface types must have a primer applied before the **Desk Anchor** can be properly installed: copper, brass, or plasticized vinyl.

For maximum security, it is recommended that both **Adhesive Backing** and **Mounting Screws** are used when installing the **Desk Anchor**.

1. Position the **Desk Anchor** on the surface you wish to mount it to.

Desk Anchor

Note: Use a pencil to draw an outline around the **Desk Anchor**. This will ensure that you know the area you need to score using the **Abrasive Pad**.

2. Use the **Abrasive Pad** (included) to score the surface area you intend to mount the **Desk Anchor** on. Be careful to only score the surface that the **Desk Anchor** will cover.

3. Use the **Alcohol Pad** (included) to clean the scored surface prior to installation. Allow the alcohol to dry before installing the **Desk Anchor** on the surface.

Note: (Optional) Use the **Screw Holes** on the **Desk Anchor** as a guide to drill pilot holes.

4. Remove the **Adhesive Backing** on the back of the **Desk Anchor**, exposing the adhesive surface. Secure the **Desk Anchor** to the scored area. Apply the adhesive backing to the surface at room temperature 60 °F (16°C).
5. Before connecting a **Security Cable** to the **Desk Anchor**, allow the adhesive backing at least 24 hours to bond to the surface.
6. Insert the **Mounting Screws** (x2) into the **Mounting Holes** on the **Desk Anchor**.

Installing the Mounting Screws

- Using a **Phillips Head Screwdriver**, tighten the **Mounting Screws**. Be careful not to over-tighten the **Mounting Screws**.
- Align the **Clips** with the **Plate Holes** on the **Desk Anchor** and slide the **Clips** into the **Plate Holes**, installing the **Security Plate**.

Installing the Security Plate

- Pull a **Security Cable** through the **Desk Anchor** and pull the **Lock** through the loop on the **Security Cable**.
- Connect the **Lock** on the **Security Cable** to a compatible **Device**.

Use of Trademarks, Registered Trademarks, and other Protected Names and Symbols

This manual may make reference to trademarks, registered trademarks, and other protected names and/or symbols of third-party companies not related in any way to StarTech.com.
