

Desk Mount Dual Monitor Arm with USB & Audio - Desk Clamp VESA Mount for up to 32 inch Displays - 2x USB, 2x 3.5mm audio - Ergonomic Full Motion Dual Monitor Arm - Silver

**Product ID:** ARMSLIMDUOS

Enhance productivity and free up valuable space with the desk mount dual monitor arm. Two independent arms make it easy to adjust your dual-monitor setup.

The ARMSLIMDUOS provides easy access to two USB pass-through ports and two audio ports located at the front of the base. The ports let you plug in your microphone, headset or USB devices, without having to reach for your computer.

The desk-mount monitor arms offer a full range of motion on several axes, letting you tilt, pan and rotate your monitors to adjust your viewing angle. The dual-arm monitor mount holds two 15" to 32" monitors and each arm supports up to 8.0 kg (17.6 lb.) of weight.

With its durable aluminum construction and stylish silver finish, the ARMSLIMDUOS securely holds two monitors using a standard VESA 75x75 and 100x100 mount.

StarTech.com conducts thorough compatibility and performance testing on all our products to ensure we are meeting or exceeding industry standards and providing high-quality products to IT Professionals. Our local StarTech.com Technical Advisors have broad product expertise and work directly with our StarTech.com Engineers to provide support for our customers both pre and post-sales.

ARMSLIMDUOS is backed by a StarTech.com 2-year warranty and free lifetime technical support.
