## Superior sound

Successful communication is the key to an efficient business. The IMPACT SDW 5000 Series sets a new sound standard and features super wideband sound offering a voice experience beyond conventional business standards. Hear conversational nuances and experience a natural and richer sound for both communication and multimedia. Two microphone noise-cancelling system and pioneering own-voice detection technology deliver exceptional sound for improved speech intelligibility in noisy environments. A new wideband mode for communication in high density environments provides excellent sound for more users.

## Total flexibility

Answer all calls from a single device. With up to triple connectivity for softphone/PC, desk phone and mobile devices, the IMPACT SDW 5036 allows users to choose their own combination using the base station as a gateway to their preferred audio sources. It's also possible to connect a wired EPOS headset/speakerphone or a Bluetooth® headset (via the BT-D 800 USB dongle) using the USB port on the base station. IMPACT SDW 5036 features a soft leatherette ear pad for all-day wearing comfort for those preferring a single-sided solution that keeps them aware of their office environment.

## Higher productivity

IMPACT SDW 5000 Series offers an array of smart features to enable seamless communication and collaboration for improved productivity. The busy light on the headset helps users to remain undisturbed during calls and conferences, and the soft ear pad provides noise damping to reduce distractions. Smart headset and base station controls deliver easy call management. The cloud-based EPOS Manager puts IT managers in control of all EPOS devices and manages assets, updates and configurations from one location. The IMPACT SDW 5036 is UC optimized and certified for Skype for Business to maximize productivity.

## Enhanced security

Security is a primary concern for a company's IT manager. IMPACT SDW 5036 comes with advanced security protocols to ensure that all communication is kept confidential. The IMPACT SDW 5000 Series is DECT Security certified\* and designed with special focus on secure pairing, the most vulnerable part of a wireless system. The authentication process uses 128-bit keys and Protected Pairing ensures that sensitive pairing data cannot be intercepted over-the-air. EPOS Manager allows the IT manager to disable Bluetooth®, call merging and conferencing mode if required.
