

AXIS TQ6501-E Parapet Mount

Parapet mount with conduit side entry

AXIS TQ6501-E Parapet Mount is an outdoor-ready mount made of aluminum. The round base of the mount makes it easy to install as well as suitable for installations on poles. It's compatible with Axis pendant kits with 1.5" NPS or NPT inner thread which enables mounting of several Axis cameras, and Axis ACI ¾" conduit adapters. Cables can be routed through the bottom, or from the side by using a conduit connection.
