

3-in-1 Multiport to HDMI Adapter - 4K 60Hz USB-C, HDMI or Mini DisplayPort to HDMI Converter for Conference Room - Digital AV Video Adapter to Connect HDMI Monitor/Display

Product ID: CDPHDMDP2HD

This multiport to HDMI adapter provides multiple host options, connecting your USB-C, HDMI or Mini DisplayPort device to an HDMI display. This digital AV adapter supports High Dynamic Range (HDR) and provides sharper images with enhanced video.

With brighter colors and greater contrast, the adapter is ideal for:

- Creating eye-catching visuals for photography, videography, cinematography
- Delivering enriched presentations

With three popular input connections, this 4K HDMI AV adapter eliminates the need for multiple adapters and is compatible with the most common devices, ensuring you can connect wherever you go. The adapter can also conveniently be left connected to HDMI displays in boardrooms or conference rooms permanently, helping to reduce setup time.

The 3 in 1 HDMI adapter is fully compatible with HDMI 2.0b specification, supporting resolutions up to 4K 60Hz (3840 x 2160) and bandwidths up to 18Gbps. The video converter is also backward compatible with lower resolutions including HD 1080p, making it ideal for your office or home office setup.

With HDR support, you can enjoy lifelike images with increased contrast, brightness and colors and greater luminosity than standard digital imaging.

The adapter also outputs 2-channel audio no matter what host you're connected to, ensuring a seamless AV experience.

To ensure easy operation and installation, this multi connector adapter supports a plug & play setup with any OS, including macOS, Windows, Ubuntu, Chrome and Android.

This multiport AV adapter is backed by a 3-year StarTech.com warranty, and free lifetime technical support.

Certifications, Reports and Compatibility

Applications

- Connect to a 4K HDMI monitor, TV or projector
- Ideal for boardrooms, conference rooms or shared workspaces

Features

- **3-IN-1 ADAPTER:** This multiport to HDMI adapter features three common host port options including USB C, HDMI or Mini DisplayPort to seamlessly connect one laptop or tablet to an HDMI monitor, TV or projector in a boardroom, office or conference room
