

ROXIO EASY

VHS TO DVD³ PLUS

Save Your Treasured VHS Tapes as DVD Movies

Create DVD movies from your VHS tapes and Hi8 or V8 home videos **plus** a whole lot more

Transfer video from VHS, Hi8 and Video8 movies to DVD and preserve your precious memories.

It's a sad fact that your treasured home movies shot on VHS, Hi8 and V8 tapes will degrade over time; and the devices to play these tapes may eventually disappear. Roxio® Easy VHS to DVD 3 Plus makes it easy to digitally preserve your irreplaceable memories for years to come. Take your videos to the next level and enhance them with video noise reduction, color correction, transition effects and stabilization of shaky videos. You can even turn them into Hollywood-style DVDs.

1 Connect VHS player or camcorder via RCA out to the included USB capture device using RCA cables*

2 Connect the capture device to your PC's USB port

3 Capture and share on DVD or portable devices

- Make DVDs from your VHS, Hi8 and V8 movies and home videos
- Capture from most analog camcorders, VCRs or even DVD players
- Capture video at full DVD-quality resolution
- Reduce video noise common to old VHS tapes
- Stabilize shaky home videos
- Improve color balance and lighting
- Add transitions between videos, trim unwanted content
- Add rolling text credits to movies
- Include Hollywood-style menus on DVDs
- Transfer your videos to portable devices
- Automatically split large movies across multiple discs
