

V7 Charging Station - 12 Devices AC UK Power

CHGSTA12AC-1K

SKU: CB22365

The V7 UK Charging Station allows you to secure, store and charge up to 12 Chromebook, laptop, or tablet devices with up to 15" (38.1 cm) screens. It has versatile mounting options including wall mount, table top, or stack two together and add optional casters for mobility. Easy to deploy with numbered shelves, durable device slots and well-designed power management. Numbered device spaces and corresponding individual power supply slots make it easy to use. Made from high-grade 18 gauge cold rolled steel, the Charging Station also features a secure locking door with key, secure power supply compartment, and an option to add your own padlock.

- Versatile mounting options - wall mount, place on a table top, or stack two together with optional casters for mobility
- Efficient power distribution for all of your devices from one plug
- Cable management easily organizes power supplies and routes cables to each device
- Secure locking door and power supply compartment keeps devices safe. Option to add your own padlock for extra security
- Easily store and charge almost any chromebook, laptop, or tablet with screens up to 15" (38.1cm).
