Safety Information

- Do not touch the gold connectors or the face of the printed circuit board (PCB). Always handle the computer card by its edges.
- Computer cards can be damaged by static electricity. Ensure the installer is properly grounded before they open the computer case or touch the computer card. The installer should wear an anti-static strap when installing any computer component. If an anti-static strap is not available, discharge any built-up static electricity by touching a large grounded metal surface for several seconds. Prior to installing the computer card, turn off then unplug the computer and any peripheral devices that are connected (e.g. printers, external hard drives, etc.).
- Prior to installing the computer card, turn off then unplug the computer and any peripheral devices that are connected (e.g. printers, external hard drives, etc.).

FCC -- Part 15

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Changes or modifications not expressly approved by StarTech.com could void the user's authority to operate the equipment.

Industry Canada Statement

This Class B digital apparatus complies with Canadian ICES-003.

Cet appareil numérique de la classe [B] est conforme à la norme NMB-003 du Canada.
