

HP Reverb G2 Virtual Reality Headset

The no-compromise VR headset. Realistic visuals. Immersive soundscapes. Superb tracking and performance. Developed in collaboration with Valve and Microsoft, our breakthrough headset delivers a more immersive experience.¹ Ergonomically designed for comfort. Optimized for compatibility. Introducing the new standard in VR.

Exceptional combination of visuals and sound

Equipped with industry-leading lenses and speakers designed by Valve, our HMD provides high quality resolution and fully immersive spatial audio. With mura-free, 2160 x 2160 LCD panels per eye, you can now see more detail than ever before.

A headset that adjusts to you

Get maximum comfort for longer wear time. With flexible material, increased cushion size and lenses that can be adjusted for different eye distances², each user experiences a custom fit regardless of face size and shape.

More cameras. Better tracking.

With four cameras built into the headset and no external sensors required, you can now track more movement¹ no matter how extreme. And with a smaller and more ergonomic design, our controllers are more natural and comfortable to hold onto.

Compatible across the industry

Looking for access across any and all VR content? With compatibility across both SteamVR and Windows Mixed Reality³, seamless access to everything VR is now within reach. All with quick and painless setup.

¹ Compared to HP Reverb G1 HMD. ² Interpupillary distance (IPD) adjustment is included. Eye relief is not a feature of this product ³ Windows Mixed Reality requires Windows 10 May 2019 Update installed on the workstation or PC. Features may require software or other 3rd-party applications to provide the described functionality. To minimize the possibility of experiencing discomfort using a VR application, ensure that the PC system is equipped with the appropriate graphics and CPU for the VR application. For HP workstation VR ready recommended configurations, see: <http://www8.hp.com/h20195/v2/GetPDF.aspx/4AA6-9646ENW.pdf>
