

VC-AC06 / 07

VISCA Cable Extender

LumensTM
Brilliance by Design

Lumens' cable extenders can be setup with any PTZ camera and are easy to use. They are more effective than a VISCA cable.

The cable extenders can extend the distance between the controller and cameras up to 300 feet (100 meters) via the RJ45 CAT5/6 cable. In addition, the AC07 supports the daisy chain to link up to 7 cameras.
