Display size
42"- 90"

Max load
125lb (57kg)

DesignerSeries™ Universal Ultra Slim Articulating Wall Mount

FOR 42" TO 90" ULTRA-THIN DISPLAYS*

One of the thinnest wall arm mounts on the market, the Peerless-AV® DesignerSeries™ Universal Ultra Slim Articulating Wall Mount is designed exclusively for ultra-thin displays. Featuring a dual-arm construction, the SUA771PU is robust enough to hold larger displays firmly in any position – landscape or portrait – while still offering an ultra-low profile. An innovative I-shaped adaptor plate makes it easy to access the back of the display, keeping hardware hidden, and features internal cable management, providing a clean, professional look that transitions smoothly from the wall to the display. With a gloss black finish, the SUA771PU matches any décor.

Full-motion capabilities allow you to swivel, tilt, extend or retract your display for the perfect viewing angle.

Additional Features

- Dual-arm design enhances the stability of the articulating motion
- Arms retract to 1.85" (47mm) and extend up to 24.85" (631mm) from wall
- One-Touch™ tilt mechanism allows adjustment of +15°/-5° without the use of tools
- Up to ±72.5° of side-to-side swivel
- Added ±5° of roll for post-installation display leveling without the use of tools
- Up to ±0.5" (13mm) of vertical adjustment for post-installation leveling and height adjustment re-tuning
- Internal cable management provides clean, professional installation finish
- Universal mount fits displays with mounting patterns 200 x 100 to 800 x 400mm
- Landscape or portrait mounting options increases display versatility
- The I-Shaped Adaptor plate's innovative design helps avoid blocking connections on back of display

* Designed for use with displays that are less than 3" (76mm) deep

Swivel, tilt, extend or retract the display for the perfect viewing angle

Integrated cable management keeps cords and cables out of the way

Comes in color packaging with included installation hardware and easy to follow instructions.
