## Ergonomic R-Go HE Mice

### Fit every hand

Designed with you in mind!

#### Vertical mouse

The natural vertical position of hand and wrist stimulates mouse movements from your arm. This prevents RSI complaints.

#### Comfortable grip

Ergonomic round shape with support for the little finger and thumb for a comfortable grip with less muscle strain.

S: <165 mm  
M: 165-185 mm  
L: >185 mm

#### Available in different sizes

Our mice are available for left- and right-hand users and in different sizes. A mouse for every hand! Measure your hand to discover your size.

**Adjustable DPI**

**Rechargeable accu**  
Wireless variants include a rechargeable accu, with an accu time of up to 50 hours.

**Lightweight**  
Minimum weight for minimum muscle tension.

**Little finger and thumb <sup>(1)</sup> support**  
To prevent your little finger and thumb from sliding down, the mouse is equipped with a little finger and thumb <sup>(1)</sup> gutter.

**Soft coating**  
Soft coating for a soft feeling and improved grip.

**Adjustable buttons**  
Personalize your own buttons, such as 'cut' and 'paste', to work even more efficiently.

**100% Recycled plastic**  
The plastic used for this mouse is 100% recycled.

**Connectivity**  
Available in wired, wireless (2.4 GHz) or Bluetooth variants.

**R-Go HE Mice**  
certified & recommended

# R-Go HE Break mouse

Time for a break

## The intelligent ergonomic mouse with personal break coach

Short movements during your working day are vital for your health! Micro breaks prevent overloading of small muscles and tendons and improve your concentration. Because breaks are often forgotten when you are focused at work, we've developed a break tool that reminds you to interrupt your work on time.

The patented R-Go Break software uses colour signals to indicate when it's time to take a break. During mouse usage, the light changes colour, like a traffic light:

 Green: you are working healthily!

 Orange: time for a break

 Red: You've missed a break

This way you will get positive feedback about your break behaviour. Download the R-Go Break software.

You've missed a break

You are working healthily!

## We care for our environment

- ✓ All plastic used for our mice is 100% recycled.
- ✓ **Lifetime recycle guarantee:** we ensure that our mice are recycled at the end of their service life when returned to us.
- ✓ We are a member of **WEEE**, a European directive that regulates the collection and recycling of electronic equipment.
