Introduction

This cable-access box installs into your conference-room table or podium to provide an in-surface panel that conceals your AV, network or charging cables when they're not in use.

When you need to access one of the cables, you can simply rotate the cover panel open and pull out your desired cable.

When you're finished, you can easily slide the cable back into the box. The access holes at the bottom of the panel are engineered to let gravity do all of the work, seamlessly guiding your cables back and concealing the length of the cable below the surface of your table.

Package contents

- 1 x cable access box
- 2 x mounting brackets with screws and wingnuts
- 4 x large nylon split bushings
- 7 x small nylon split bushings
- 1 x diecut outline
- 1 x quick-start guide

Requirements

- A table surface for installation.
- Up to nine cables for routing through the box.
- A Phillips head screw driver.
- A saw or other cutting tool.

Cable installation

1. Using a Phillips head screwdriver (sold separately) remove the panel screws from either side of the **cable routing panels** that contain the hole(s) you'd like to occupy with the cable(s).
2. Remove the **cable routing panel** by sliding the screwdriver into one of the **cable holes** and prying the cable panel up.
3. Slide your cable(s) into any available **cable hole(s)** that match the width of your cable(s). Be sure to place thicker cables in the larger holes and thinner cables into the smaller holes.
4. Place the **cable routing panel** back into its slot and replace the screws.
5. Inside the box, wrap the **large nylon split bushing(s)** (included) around the larger cable(s) and the **small nylon split bushing(s)** (included) around the smaller cable(s).
6. Slide each of the **nylon split bushings** into the cable hole.

Repeat steps 1 through 5 to install additional cables using the other **cable panel**.

In-table installation

1. Using the included die-cut outline, trace the inner square on the table surface in your desired location.

2. Carefully cut the square out of the table surface.

Note: StarTech.com is not responsible for any damage to your table surface.

3. Slide the cable box into the square hole in your table surface.

4. Under the table surface, on either side of the cable box, hook each of the mounting brackets into one of the three mounting bracket slots, depending on which aligns closest to the table.
5. Hand tighten the wing nuts to secure the cable box to your table.

Technical support

StarTech.com's lifetime technical support is an integral part of our commitment to provide industry-leading solutions. If you ever need help with your product, visit www.startech.com/support and access our comprehensive selection of online tools, documentation, and downloads.

Warranty information

This product is backed by a two-year warranty.

StarTech.com warrants its products against defects in materials and workmanship for the periods noted, following the initial date of purchase. During this period, the products may be returned for repair, or replacement with equivalent products at our discretion. The warranty covers parts and labor costs only. StarTech.com does not warrant its products from defects or damages arising from misuse, abuse, alteration, or normal wear and tear.

Limitation of liability

In no event shall the liability of StarTech.com Ltd. and StarTech.com USA LLP (or their officers, directors, employees or agents) for any damages (whether direct or indirect, special, punitive, incidental, consequential, or otherwise), loss of profits, loss of business, or any pecuniary loss, arising out of or related to the use of the product exceed the actual price paid for the product. Some states do not allow the exclusion or limitation of incidental or consequential damages. If such laws apply, the limitations or exclusions contained in this statement may not apply to you.

Hard-to-find made easy. At StarTech.com, that isn't a slogan. It's a promise.

StarTech.com is your one-stop source for every connectivity part you need. From the latest technology to legacy products — and all the parts that bridge the old and new — we can help you find the parts that connect your solutions.

We make it easy to locate the parts, and we quickly deliver them wherever they need to go. Just talk to one of our tech advisors or visit our website. You'll be connected to the products you need in no time.

Visit www.startech.com for complete information on all StarTech.com products and to access exclusive resources and time-saving tools.
